One Scout Troop of seven toured the station

Had a EMT Ride Along for the month of May

Pediatric Advanced Life Support Practice and Training

Safety, Rope/Knot Drill, Ventilation, Water Rescue, Wildland and Medical Battalion Training

Hazmat Refresher

Flood Exercise

Safety Message

Fireworks Safety

Fireworks can be an exciting way to celebrate. Fireworks need to be treated with respect and care. Consider attending a professional fireworks display in place of lighting personal fireworks this year.

In Utah, some fireworks are illegal. Generally, if they are sold in Utah, they are legal to use in Utah. If you could not purchase the firework in Utah, it is not legal to light that firework in Utah at any time.

Here are a few safety tips from the National Council on Fireworks Safety

Use fireworks outdoors only.

Obey local laws.

If fireworks are not legal where you live, do not use them!

Always have water handy (a hose or buckets of water).

Only use fireworks as intended. **DO NOT** try to alter them or combine them.

Never re-light a "dud" firework (wait 20 minutes and then soak it in a bucket of water).

Safety Message

Fireworks Safety

Use common sense when using fireworks. Spectators should keep a safe distance from the fireworks. The person lighting the fireworks should wear safety glasses.

Alcohol and fireworks do not mix! Have a "designated" person light fireworks.

Only persons over age 12 should be allowed to handle sparklers of any type.

DO NOT ever use homemade fireworks or illegal explosives; they can kill you!

Report illegal explosives to the fire or police department in your community.

With the extreme drought conditions Utah is experiencing this season, the risk of wildfire is extremely high. Many areas of the state will not be allowed to use fireworks of any kind. All citizens are encouraged to check local restrictions before lighting fireworks.

Please refer to Cottonwood Heights' website for current fireworks and/or fire restrictions.
